महाराष्ट्र राज्य शाखेचे माजी अध्यक्ष आहेत. कोविडमहामारीच्याकालावधीत राज्यातल्या उद्योगांच्या विविध समस्यांसाठी राज्य शासनाबरोबर त्यांनी उल्लेखनीय काम केले होते. त्यासाठी त्यांचा तत्कालीन राज्यपाल भगतसिंग कोश्यारी यांच्या हस्ते विशेष सत्कार करण्यात आला होता. देशातील लघु आणि मध्यम उद्योगांसाठी घेण्यात येणाऱ्या धोरणात्मक निर्णयांमध्ये मुतालीक यांचे सातत्याने विशेष योगदान राहिले आहे. गेल्या वर्षी पश्चिम क्षेत्रात असणाऱ्या महाराष्ट्र, गुजरात, गोवा आणि मध्य प्रदेश या राज्यांत उद्योगांत नव्याने येणाऱ्या विविध तंत्रज्ञानासाठी आवश्यक कुशल मनुष्यबळ विकासाचे आराखडे तयार करण्याकामी मुतालीक यांनी भरीव कार्य केले आहे.

Product Development Update

ED01 Pump Now Available with IP55 Enclosure

Positive Metering Pumps (India) Private Limited is pleased to share a significant advancement in our product line — the ED01 Electronic Dosing Pump is now developed with an IP55 enclosure.

This enhanced version of our trusted ED01 model offers improved protection against dust and water, making it suitable for more demanding and outdoor industrial environments. The rugged build and upgraded enclosure ensure longer life, greater reliability, and higher safety standards for dosing operations.

This development reinforces our commitment to continuous innovation and adapting our solutions to meet evolving industry needs.

Project Updates

Agitator System for Tanzania

Positive Metering Pumps (India) Private Limited is currently working on an Agitator System Project for Tanzania.

Client: JWIL Infra Limited
End Client: WAPCOS Limited
Project Location: Tanzania

This project involves the design, manufacturing, and supply of agitator systems tailored to meet international requirements. It reflects our continued collaboration with leading engineering firms and reinforces our role in supporting infrastructure projects across borders.

Dosing System for IOCL Panipat

Positive Metering Pumps (India) Private Limited is currently working on a Dosing System Project for Indian Oil Corporation Limited (IOCL), Panipat.

The scope of work includes the design, engineering, and supply of precision dosing systems to meet the specific requirements of IOCL's operations at their Panipat facility.

This project further strengthens our presence in the oil and gas sector and underlines our commitment to delivering high-quality, reliable dosing solutions for critical industrial applications.

A Grand Showcase of Dosing Solutions & Industry Insights

India Water Expo 2025 – Bhubaneswar Makes a Big Splash!

The vibrant city of Bhubaneswar played host to a wave of innovation at the India Water Expo 2025, held from April 10–12 at Janata Maidan. Industry leaders, engineers, policy makers, and innovators gathered under one roof to explore the future of smart water management and sustainable solutions.

From cutting-edge filtration systems to intelligent dosing technologies, the expo showcased how India is stepping up to solve water challenges with modern tech and eco-conscious thinking.

Highlights from the SISSTA & SNSI Seminar | April 5, 2025 – Belagavi, Karnataka

The Indian sugar industry isn't just about sweetness anymore — it's about innovation, energy, and a greener tomorrow.

The event was powerfully inaugurated by **Shri Shivanand S. Patil**, Hon'ble Minister for Textiles, Sugarcane Development, and Agricultural Marketing, Govt. of Karnataka, and Chairman of S. Nijalingappa Sugar Institute — a true champion of progress.

Colors of Innovation Shine Bright at Paint Vision Expo 2025

The vibrant world of paints and coatings came alive at the Paint Vision Expo 2025, held from April 24 to 26 at Ahmedabad, Gujarat. Industry professionals, manufacturers, technology providers, and innovators gathered to celebrate progress, precision, and sustainability in the coatings sector.

The expo was a showcase of how the industry is evolving with smart automation, efficient formulations, and eco-conscious approaches.

Service Highlight – KDAC Chem

One of our valued customers, KDAC Chem, reported damage to their dosing pump due to mishandling during unloading and improper storage at their site. Our service team received the pump in a severely damaged condition—broken components, signs of oil leakage, and surface corrosion (as shown in the image). The issue was addressed promptly and professionally.

Action Taken:

- Complete disassembly and technical inspection
- Replacement of damaged and worn-out parts
- Full refurbishment with repainting and performance testing
- Delivery back to the customer within 7 working days

The pump was successfully restored to near-new condition and is now functioning reliably at the customer's site.

This case study reflects our commitment to quick turnaround, high-quality service, and strong customer support.

A Journey of Growth

I'm Ms. Sangita Tidme. From a humble farming background to completing 25 years with Positive Metering Pumps, this journey has been one of empowerment, learning, and immense gratitude. Thank you to every customer who made it possible.

25 years ago, I walked in with dreams—today, I walk out with pride, thanks to Positive Metering Pumps (India) Private Limited.

Thought of the day!

You hold the universe within you — your potential is limitless. When you believe in yourself, the impossible becomes possible. Confidence turns obstacles into opportunities, and challenges into triumphs. Like those who've achieved greatness, your self-belief is the key to unlocking your power and shaping your future. Trust in yourself, and the universe will align in your favor.
